Helping teams craft  
**meaningful experiences**  
for humans.

I'm **António**, an experienced Frontend Designer and Developer with extensive knowledge on **Design Systems** and **Modular UI**.

I'm committed to bring teams together and **bridge the gap** between **Design** and **Code**.

based in  
**Portugal**

**20+ years**  
experience

**Frontend Development**

HTML • CSS • JS

**User Interface Design**

Draw • Prototype • Document

## AEM Frontend Developer

Noesis – NOS SGPS • Senior • Full time (Hybrid, Lisbon)

Working at the Leading Telecom Operator NOS, I contributed to the Evolutive Maintenance of its main websites, powered by Adobe Experience Manager. It was an excellent opportunity to master Component-based development and get a deeper understanding about performance and accessibility.

## Tech Experienced Senior – Consultant

Deloitte Digital • Senior • Full time (Hybrid, Lisbon)

As a Consultant for Deloitte, I continued to level-up, gaining experience with the AEM Sites platform. Latest clients included European Union orgs., a Leading Telecom Operator and a big player in the Construction business.

## Frontend Web Developer

Seara.com • Senior • Full time (On-site, Lisbon)

In early 2019 I joined the Digital Agency Seara.com, where my primary job was translating UI website mockups to HTML + CSS + JS using Responsive and Mobile-First approaches. I also restarted my interest in UI design.

ComOn Group • Mid-level • Full time (On-site, Lisbon)

In 2018 I decided to shift my attention to Frontend Development. I gained experience by contributing to the creation of the Foundations for the digital ecosystem of a large Finance corp.

Nov 2023 – Mar 2025

**Skills:** HTML5, CSS3, JS

**Software:** Figma, VS Code, Adobe Experience Manager

Jan 2021 – Oct 2023

**Skills:** HTML5, CSS3, JS

**Software:** Figma, VS Code, Adobe Experience Manager

**Skills:** HTML5, CSS3, JS

**Software:** Sketch + Invision, Figma, VS Code

Oct 2018 – Jan 2019

**Skills:** HTML, CSS, JavaScript, Design Systems, Atomic Design

**Software:** Figma, VS Code

## UX+UI Designer

**ComOn Group** • Senior • Full time (On-site, Lisbon)

While at ComOn, I experienced the roles of UX and UI Designer, maturing my skills. Took on bigger challenges for Finance and Insurance clients, focusing heavily on modular UI. I also had the opportunity to dig in some projects that involved touchscreens, illustration and motion design.

**Elemento Digital** • Junior • Full time (On-site, Lisbon)

My first job out of my hometown, where I worked as a Web Designer. Came in contact with modern design and dev solutions, learning my way through Web Standards and Modular UI.

## Multimedia Designer

**Ciben Multimedia** • Entry-level • Full time (On-site, Lisbon)

I started my first job while finishing High School. An experience that provided me solid foundations on working in the industry. I had the chance to work in interesting interactive projects, including Educational Software for Porto Editora and Instituto Camões.

**Jun 2009 – Sep 2018**

**Skills:**

UX and UI design, Illustration

**Software:** Sketch + Invision, Adobe CS

**Jul 2006 – May 2009**

**Skills:** UI Design, Flash, HTML + CSS

**Software:** Adobe CS
